

India is a vast and diverse country located in South Asia. With a population of over 1.3 billion people, India is the second most populous country in the world. India is a land of many contrasts, with ancient traditions coexisting with modern technologies, and rural poverty alongside bustling cities. India has a rich history and culture that dates back thousands of years, and it is home to some of the world's most iconic landmarks and spiritual sites.

Geography and Climate

India is a subcontinent that stretches from the Himalayas in the north to the Indian Ocean in the south. The country is bordered by Pakistan to the west, China and Nepal to the north, Bhutan to the northeast, and Bangladesh and Myanmar to the east. India has a diverse range of landscapes, from the snow-capped peaks of the Himalayas to the arid deserts of Rajasthan, from the lush tropical forests of Kerala to the rugged coastline of Goa.
